

# special churro shop products

A fine selection of raw materials specially designed for churro shop use: oils, flours and cocoas to increase efficiency and quality of your churro products.

You will notice the difference!

## hot chocolate

Easily prepare the best hot chocolate with our Silver, Gold and Gourmet ranges, special for use in chocolate machines.

You will find the flavour you need, even for the most discerning palates!

## high oleic sunflower oil

Special sunflower oil, perfect for frying churros. Low acidity. High durability and low oil absorption. Available in bottles of 10 and 25 L.

## churros flour

Very high performance flour with low oil absorption. You will get crispy, fluffy and dry churros, with a delicious taste.

## chocolate coating

Fast drying vegetable cover, with intense flavor and high brightness. Available in 2 flavors: black and white with easy application.
